

#1

Subtract. Use the same number of decimal places throughout.

$$4.4 - 4.1 = ?$$

 3.3 0.2 1.3 0.3

Show your work

#2

Add. Use the same number of decimal places throughout.

$$4.5 + 1.1 = \boxed{\phantom{00}}$$

Show your work

#3

Add. Use the same number of decimal places throughout.

$$\boxed{\phantom{00}} + 2 = 4.4$$

Show your work

#4

Add. Use the same number of decimal places throughout.

$$-1.5 + 3.4 = ?$$

 2.4 1.9 1.4 2.3

Show your work

#5

Subtract. Use the same number of decimal places throughout.

$$\boxed{\phantom{000}} - 1.2 = 1.1$$

Show your work

#6

Subtract. Use the same number of decimal places throughout.

$$0.9 - 0.3 = ?$$

 0.8 0.6 0.5 2.6

Show your work

#7

Subtract. Use the same number of decimal places throughout.

$$\boxed{\phantom{000}} - 4.9 = -4.8$$

Show your work

#8

Add. Use the same number of decimal places throughout.

$$-1.2 + 4.3 = ?$$

 3 3.1 2.9 3.3

Show your work

#9

Add. Use the same number of decimal places throughout.

$$-2 + 1.5 = ?$$

 -0.5 -3.5 0.5 1.5

Show your work

#10

Add. Use the same number of decimal places throughout.

$$\boxed{\phantom{000}} + 2 = 4.4$$

Show your work

#11

Add. Use the same number of decimal places throughout.

$$3.9 + \boxed{\phantom{000}} = 7.2$$

Show your work

#12

Subtract. Use the same number of decimal places throughout.

$$\boxed{\phantom{000}} - 2.4 = -5.8$$
