

#1

Simplify

$$\left(\sqrt{0}\right)^2 = \boxed{\phantom{00}}$$

Show your work

#2

Simplify

$$\left(\sqrt{36}\right)^2 = ?$$

 28 36 42 29

Show your work

#3

Simplify

$$\left(\sqrt{36}\right)^2 = ?$$

 28 36 42 29

Show your work

#4

Simplify

$$\left(\sqrt{0}\right)^2 = ?$$

- 1                       0  
 2                       3

Show your work

#5

Simplify

$$\left(\sqrt{36}\right)^2 = \boxed{\phantom{00}}$$

Show your work

#6

Simplify

$$\left(\sqrt{25}\right)^2 = ?$$

- 31                       24  
 25                       19

Show your work

#7

Simplify

$$\left(\sqrt{0}\right)^2 = ?$$

- 1                       0  
 2                       3

Show your work

#8

Simplify

$$\left(\sqrt{9}\right)^2 = \boxed{\phantom{00}}$$

Show your work

#9

Simplify

$$\left(\sqrt{81}\right)^2 = ?$$

- 81                       85  
 92                       91

Show your work

#10

Simplify

$$\left(\sqrt{0}\right)^2 = \boxed{\phantom{00}}$$

Show your work

#11

Simplify

$$\left(\sqrt{36}\right)^2 = \boxed{\phantom{00}}$$

Show your work

#12

Simplify

$$\left(\sqrt{49}\right)^2 = \boxed{\phantom{00}}$$

Show your work

| Question | Answer |
|----------|--------|
| #1       | 0      |
| #2       | 36     |
| #3       | 36     |
| #4       | 0      |
| #5       | 36     |
| #6       | 25     |
| #7       | 0      |
| #8       | 9      |
| #9       | 81     |
| #10      | 0      |
| #11      | 36     |
| #12      | 49     |
